Hummer received his first Master FAST leg on April 14, 2012 and earned his MASTERS FAST title on March 23, 2013. In order to earn a Master FAST Title a dog must have earned 10 qualifying scores at the Masters level (A dog moves from the Excellent A level to Masters level after earning the Excellent FAST Title).

The strategy is to use your dog's strengths in collecting as many points as you can and setting your dog up to do the Send (the Send can be performed at any time during your run). The Send will be 2-3 obstacles that your dog must perform correctly in order (without refusals) while you stay behind a line 15-20 feet away, then racing to the finish time before your 35 seconds are up (1 point is deducted from your total points for every second over the 35).

This class requires team work. Your dog must take direction from you and be able to perform the obstacles away from you (at 15-20 ft). He must also be able to change direction on your command.

We really love this class because I like the strategy part and being able to make up my own course, Hummer loves working away from me and moving fast. The more that we compete in this class, the better we get.
