Hummer earned his Master Bronze FAST Preferred title on 11-22-14. Master Bronze FAST Preferred Title requires the MFP title plus twenty-five additional Master FAST Preferred class qualifying scores of 60 points or greater. FAST titles for each 10 legs earned is not offered in this class, as in Jumpers or Standard. Levels that can be earned are Bronze (25), Silver (50), Gold (75) and Century (100) these are qualifying scores in addition to the MFP title. The MFPB title requires 25 qualifying scores in total at the Master's level.

The strategy is to use your dog's strengths in collecting as many points as you can and setting your dog up to do the Send (the Send can be performed at any time during your run). The Send will be 2-3 obstacles that your dog must perform correctly in order (without refusals) while you stay behind a line 15-20 feet away, then racing to the finish time before your 35 seconds are up (1 point is deducted from your total points for every second over the 35).

This class requires team work. Your dog must take direction from you and be able to perform the obstacles away from you (at 15-20 ft). He must also be able to change direction on your command.

We really love this class because I like the strategy part and being able to make up my own course, Hummer loves working away from me and moving fast. The more that we compete in this class, the better we get. We have not competed in this class for almost a year and half. Hummer was getting a little too independent running this class and not taking my direction so we have been skipping this class. I decided to try him again in FAST to see if he would listen better now that he was more experienced and older. He has proved to me that he has matured and willing to take my direction with the distance handling required for this class. He consistently finishes at the top of the class and collects the required 60+ points before time runs out.
