Hummer was born into foster care after his mother "Valentine" was rescued from a Saint Bernard puppy mill in North Dakota closed down by the USDA for inhumane treatment. The Saint Bernard Rescue Foundation, in a nationwide coordinated effort, transported 50 Saint Bernards to various foster homes across the US. Hummer's mother delivered 7 puppies the day after arriving to her foster home at Carol Beck's home in Oregon. I think that Hummer was their favorite and considered keeping him but then agreed to let me adopt him. When I adopted Hummer, not knowing any history of this dog except that he was born into rescue and that he came from a puppy mill, I promised myself to take the good with the bad and to be grateful for anytime that we spend together.

When I received Hummer from the Saint Bernard Rescue Foundation in 2006, I had no idea what this loving and intelligent Saint was capable of and how he would change my entire life. He has met and exceeded every goal I have set for us. My #1 goal was to give Hummer every opportunity to live his life to its fullest potential and to experience life as much as possible

This is what Hummer's titles would look like all spelled out:

Hummer has earned 107 titles in Agility (AKC, NADAC, CPE, ASCA) Obedience, Rally, Draft Work, Trick Dog, CGC/Farm Dog and Barn Hunt. Hummer has over 75 Breed Firsts in numerous different venues. Hummer is the all-time most titled Saint Bernard in history, and I believe the oldest saint to earn a performance title-earning Master Jumpers Preferred-17 (170 perfect scores in Master's Class) and earned 2 legs towards the next level MJP18 at the age of 11 1/4 years old.

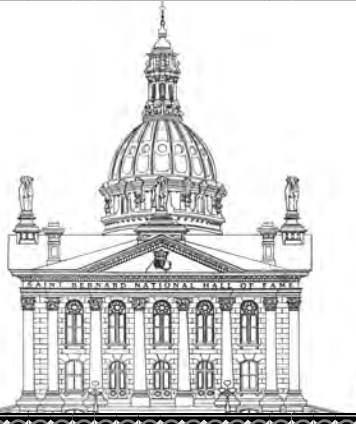

Hummer competed in Obedience and Rally in his earlier years and after earning 3 legs towards his UDX and Breeds First for the GN, GO and VER I decided to give agility a try. Hummer was the first dog that I have trained or competed with in agility-so we learned through trial and error. We started in CPE and NADAC and started competing in AKC Agility when he was 4 years old. Hummer was the first and the only Saint Bernard to earn a PACH (Preferred Agility Champion) title and continued earn 3 more during his career (PACH4).

He has qualified for the AKC Invitational for 7 years in a row including the year he would have been 12. He qualified in 2010 to compete in the AKC Obedience Invitational, being the only Saint to qualify and compete at both events-Agility and Obedience Invitational in the same year.

Hummer became the first Saint Bernard to qualify for the AKC National Agility Championship in 2013. He competed in this event at the age of 8 years old. We made it to the Challenger's Round and he was honored in being asked to be the "demo dog" in the Championship Final Round.

When we first arrived at the National Agility Championship event center in Harrisburg, PA several top competitors made fun of us stating "a Saint Bernard at the Agility Championship, right" but after several perfect runs, we proved that we deserved to be there. One of my proudest and most humble experience was when Hummer and I stepped to the start line to compete for the final position in the Preferred division "Challenger's Round" and we received a 10-minute standing ovation by 100's of our fellow competitors. With tears in my eyes, I gave Hummer a big hug and whispered in his ear "that is for you".

Hummer went on to qualify and compete in the next two National Agility Championships at the age of 9 and 10. He has also earned the SBCA Highest Achievement in Agility Award for 6 years in a row, Highest Achievement in Obedience in 2010 and AKC's Top Saint Bernard in Agility Award 2010-2016.

Hummer earned High in Trial at the first SBCA National Agility Trial in 2012. At the SBCA 2015 National Hummer (at 10 years old) earned High in Trial for Obedience as well the first TDD title with a Travois partnered with his sister Tundra.

I am so proud of both of my dogs and grateful for all the experiences and memories that we have made together. It was never my goal or intention to set records or to earn the most titles with my two dogs, I just enjoyed spending time with them, and they just wanted the same thing.

There is a quote by Gail Storm that agility competitors repeat often. "The real joy is in the privilege and ability to step to the start line with your dog by your side, not in the crossing of the finish line, victorious over others."

I hope that during my 12-year journey with Hummer and Tundra, training and competing in a variety of different venues-that we have inspired other Saint owners to "think outside the box". Just because someone tells you that a Saint Bernard cannot to do something-does not make it true. Hug your dog every day and tell them that you love them because they are never with us long enough.

Hummer was my life partner for almost 12 years- the best part of my life and has truly impacted it beyond imagination. I am forever grateful for his intelligence, desire to please, joy of competing and to travel, sense of humor, unconditional love and companionship-he will never be replaced or forgotten.
