Athena was adopted by me from the Saint Bernard Rescue Foundation January 2020. We started training in agility, obedience, rally and draft dog soon after her arrival. AKC offered the Virtual Titling Program for the Agility Course Test 1 & 2 in 2020 and has extended the virtual program through the end of 2021. Since we live remotely this program is perfect for us.

Athena passed ACT1 & ACT2 virtually with all perfect scores of 100. We had a big snow storm the week prior, but we were able to plow the 4 feet of snow off my training ring enough to set up an agility ACT course. Athena loves agility and her favorite is the tunnel.
