By Jennifer Mehle

“Hubert” is my bred-by male and one of the most fun, athletic and versatile dogs I’ve ever had the pleasure of knowing.

With him growing up during the pandemic, we were given the opportunity to work towards some goals and titles that otherwise wouldn’t have been much of a thought. And, with that, a more well rounded dog that shows the world these huge saints can perform in many venues aside from the breed ring.

AKC’s VHMA is a precursor to the in person CGC test. Hubert sailed joyfully through the exercises and gained another fun title on the backside of his name. We were lucky enough to be able to attend a small, in person CGC test shortly afterwards so he could build on the Family Dog titles that AKC offers.
