“Classy” is a true pandemic puppy, not having access to the traditional puppy and young adult classes I would normally have my puppies attending.

When AKC offered a pre-CGC type of event virtually, it was a wonderful motivator to get moving with her basic training and start to prepare her for Trick Titles and her CGC.

She’s a dog destined for the breed ring, but one of the few joys of this pandemic has been the AKC’s expansion of virtual titling to keep us and our dogs training with goals to attain.
