Reminders:

Can't compete as is – which is the same as incorrect equipment –
Let them get the right stuff - tag(s) on collar remove/tape it etc...
 Stuff happens, we need to remember we're there to help each other while maintaining the integrity of "sport." In the end it is "sport" not life or death, no body dies and we don't need to wound spirits in the process.

Obedience Regulation Guidelines:

"This book cannot cover all situations; nor can it substitute for common sense."
 Those words also hold true for this Reference Chart Guideline.

Glossary of Obedience Terms:

Excused – "A dog must be excused any time there is aggressive behavior toward another dog, a dog that is lame, unfit to compete, if there is anything attached to it for medical or corrective purposes, bitch in season, handler who willfully interferes with another competitor/dog, a handler training/disciplining a dog in the ring, or a dog that is unable to be examined."

Released – "A dog must be released if it is not under the handler's control. A dog will be released from performing the group exercise if it has non-qualified in the individual exercises. In the group exercise, in extreme cases, a dog that must be repositioned by its handler if it is out of position enough to interfere with an adjacent dog may be released. A dog must be released from the group exercise if it does not remain sitting during the first part. A dog may be released from competition in the class for misbehavior."
