## **New Criteria Added to the Hall of Fame (HF) -- Retroactive**

The Saint Bernard National Archives continues to adjust to new AKC titles, but only after databases are built for those new titles. Only then in reviewing the new databases can we observe past records and set new Hall of Fame goals designed specifically for our breed.

The Saint Bernard Hall of Fame is a place to recognize and celebrate \*significant achievements\* in our breed. To be inducted into the Hall of Fame it will take some effort on the part of the dog and handler; otherwise The Hall of Fame is just an effort in futility and carries little meaning when inducted or earning Plateaus of Excellence.

In the past Rally titles were not recognized as Hall of Fame titles to meet various criteria for induction. Keep in mind, when Rally was introduced in 2005 it was an entry level venue to basic Obedience, plus over time the Rally Regulations have been tightened up to prevent such things as continuous luring and begging the dog to do an exercise. Rally has now become an entity of its own with new and more difficult advanced titles added into the mix, and the AKC in recent years hosts a Rally National Championship (RNC) event each year.

To earn these advanced Rally titles (listed below) it takes a considerable commitment and are not easy titles to earn; therefore, we are now recognizing the following Rally titles for Hall of Fame Induction and Plateaus of Excellence, based on our records. The titles below will also be factored into the count for 3 or more (Hall of Fame recognized) titles.

1. Rally Advanced Excellent (RAE) title.
2. Plateaus of Excellence for Rally Advanced Excellent numbers, such as RAE2, etc..
3. Rally Master (RM) title.
4. Rally Championship (RACH)

These new added Rally related Criteria and Plateaus will be retroactive back to 2005!

The following pages have the statistics of the change.

Regards,

John Cox
